Top Gun Tours Ltd organises amateur sporting events in the USA and European Union for those with an interest in the sport of target shooting. All of our events include a safety briefing and instruction on basic techniques of target shooting as well as a target shooting competition at the end of the instruction and practice session.

US Federal law prohibits non-immigrant aliens purchasing or possessing firearms or ammunition whilst in America unless they are "admitted to the United States for lawful hunting or sporting purposes" (ATF Leaflet P 5300.18 (07-2002)). As you are registered for this sporting event before leaving your home country and will therefore be entering the United States for lawful sporting purposes you will therefore be eligible to participate in the above target shooting event.

Top Gun Tours recommends that all non-resident aliens (e.g. Brits on vacation in the USA without a residential/work visa) carry this formal invitation with them throughout their vacation in the USA and especially during their time at the shooting range. This invitation demonstrates to the authorities, if required, that you are genuinely taking part in a pre-booked sporting event.

The event registration fee is included in your deposit payment. The balance is payable at the shooting range unless otherwise stated (see booking confirmation that was sent to your group leader named above for details).
